CIRCULAR.

No. S.P.C. 41071-371. From time to time, many of the indenting officers have been addressing letters to this office requesting that the price fixed by Stores Purchase Committee for cement might be intimated. But cement happens to be a controlled commodity and the Stores Purchase Committee neither fixes the price of cement nor enters into a rate contract with any firm. The price of cement is fixed by Government under Clause 5 of the Cement Rationing and Licensing Order, 1948, and Notifications are issued by the Secretary to Government, Food and Agriculture Departments. The latest Notification issued in this behalf is Notification No. C. 364—Co. 9-51-4, dated 1st June 1951, published in *Mysore Gazette*. Therefore, it is not necessary to obtain any further clarification regarding price from this office. If necessary, the Controller of Civil Supplies may be contacted in case of doubt.

General Elections.

On the 4th January 1952, the poll was conducted in 9 Assembly Constituencies in Mysore State, namely, Malur Bangarpet, Tumkur, Bangalore North, Hoskote-Anekal, Srirangapatna, Chikamagalur-Mudigere, Tarikere and Haribar. The total number of voters in all these constituencies is 3,71,190. In Hoskote-Anekal constituency, the election was confined to only the House of the People, as the poll in respect of the Assembly election has been countermanded, consequent upon the death of one of the candidates.

From the reports so far received, it is seen that the polling took place smoothly in Tumkur, Srirangapatna and Tumkur constituencies, the percentage of voters going to the polls in Tumkur being nearly sixty. In Haribar, it is reported that the voters of Nittoor Village behaved in an unruly manner and that the Deputy Commissioner and the Assistant Superintendent of Police promptly proceeded there with the necessary police force and controlled the situation.

Reports from the other Deputy Commissioners are being awaited.

(P.N. No. 259—7-1-1952).

Press Note.

The Government of Mysore placed at the disposal of the Department of Sericulture 26 acres of land under the Kanva Reservoir, belonging to the Public Works Department, for the following purposes :—

1. Starting of graft nurseries under Government of India aid.
2. Mulberry garden for testing various varieties of mulberry suitable for cross-breeds of silkworms.
3. For carrying on research on varieties of mulberry best suited for grafts.
4. For determination of nutritional value of mulberry leaves.
5. Evolving new cultural operations that would be more economical than at present.
6. For determining research on manures in relation to mulberry.

These steps are calculated to produce results of far-reaching effect not only in improving the quality of cocoons but in reducing costs.

The Graft Nursery Scheme was sanctioned in G. O. No. 1518-19—Seri. 39-51-10, dated 15th June 1951, involving a non-recurring expenditure of Rs. 25,400, and a recurring expenditure of Rs. 9,970. So far the work done by the Bull-Dozers and Tractors of Food Production Department costs round about Rs. 6,400. This expenditure is being scaled down by asking for certain remissions. Maintenance expenditure of Rs. 2,600 only has been incurred on labour, cultural operations, manure, etc.

The total capital expenditure on the entire scheme of establishing 26 acres of garden, including Graft Nurseries, is not likely to exceed about Rs. 70,000, including quarters for staff, quarters for watchmen, special sheds for raising nurseries, with glass shutters, wire mesh and for irrigation facilities. The garden is planned to be one of the best in the country.

Press Note.

PROGRESS UNDER RURAL ELECTRIFICATION SCHEME, SHIMOGA DISTRICT.

Estimates amounting to Rs. 3,04,820 for the electrification of Gajanur and Hosanagar in Shimoga District have been sanctioned. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless, every endeavour is being made to push through the works sanctioned.

Press Note.

The following Press Note issued by the Election Commission regarding the recording of Ballot Paper numbers is republished for general information :—

RECORDING OF BALLOT PAPER NUMBERS WILL NOT VITIATE SECRECY OF VOTING.

"Some apprehension seems to exist that the secrecy of ballot, which guarantees the freedom of voting, would be vitiated as a result of the procedure which requires the Polling Officers to record in a copy of the electoral roll the serial number of the ballot paper given to the elector. Such apprehension is groundless.

Polling Officers are required to record the serial number of the ballot paper issued to an elector by the Statutory Rules made under the Representation of the People Act, 1951. This is done in order to help, if necessary, any Election Tribunal that may be set up on an election petition in finding out the full facts for a correct decision of the election dispute. The electoral roll on which are recorded the serial numbers of the ballot papers issued to the voters must be sealed with the seals of the Polling Officers and the candidates' agents immediately after polling is over in the polling station. This sealed packet cannot under the law be opened by any body at any time except under the specific order of a competent court or of an Election Tribunal.

No Polling Officer or other Government official can find out the name of the candidate in whose favour a voter has cast his vote, for every ballot box will be sealed immediately after polling and will be opened only at the time of counting. Even if a Polling Officer happens to be employed also for counting of votes, it will be most unlikely that he will have the ballot boxes of his polling station to count. At any rate it will be physically impossible for a Polling Officer to remember the serial number of the ballot paper issued to any individual voter at the time of polling and to connect one with the other.

The sealed list of electors on which the serial numbers of the ballot papers are recorded, will be destroyed by fire without opening the seals after one year if no Election Tribunal or Court has occasion to call for it.

The above should reassure every voter that neither the secrecy of the ballot nor the freedom to vote as one likes can be violated by the fact that Polling Officers will record on the electoral rolls the serial numbers of the ballot papers supplied to the electors."
